NOTES ON RYA/YA/MCA EXAMINATION APPLICATION

1. Candidate details

Please print your name and contact details clearly to ensure that the correct details appear on your certificate. Ensure that you specify which certificate you wish to be examined for.

2. Boat to be used for the exam

The selection and provision of the boat for a practical exam is the responsibility of the candidate. She must be sound, adequately equipped for the area in which the exam is to take place and sufficient crew must be provided by the candidate in order to man the boat efficiently. In general, for Coastal Skipper and Yachtmaster exams, boats used for exams must be at least 7mt LOA. For Advanced Powerboat exams, the vessel must be seaworthy for the area of the exam.

3. Date of examination requested

Ideally about six weeks' notice should be given and it is helpful if you can give options rather than a single date (eg any weekend, late June or early July). Please note that some exam centres are educational establishments and applications received during academic holidays may be subject to delay.

4. Qualifying seetime

It is the responsibility of the candidate to ensure that the necessary qualifying seetime is logged (see below). Do not send your logbook with the application form, but it must be shown to the Examiner at the time of the examination. Please note that no more than 50% of the total qualifying seetime may be acquired in non-tidal seas such as the Baltic or Mediterranean.

Seetime:

Advanced Powerboat

Two years relevant experience including night pilotage. (As a guide 30 days, 2 days as skipper, 800 miles, 12 night hours)*

Coastal Skipper

30 days seetime, 2 days as skipper, 800 miles, 12 night hours*

*If you hold a RYA/YA Coastal Skipper Practical Course Completion Certificate the seetime requirement is reduced to 20 days (2 days as skipper), 400 miles and 12 night hours.

Yachtmaster

50 days seetime, 5 days as skipper, 2500 miles, 5 passages over 60 miles including 2 overnight and 2 as skipper.

5. Marine Radio Operator Certificate

All candidates are required to hold a Marine Radio Operator Certificate of Competence. Please enter your certificate number and provide a copy to your examiner.

6. First Aid Certificate

All candidates are required to hold a first aid certificate. Acceptable certificates include any nationally approved certificate issued on completion of a course which is a minimum of one day's duration, and includes the treatment of hypothermia, cold shock and drowning. Please provide a copy to your examiner.

7. Previous examination results

Please include details of any previous failures. We try to avoid using an Examiner who has previously failed a candidate for a subsequent exam.

8. Course completion certificates

This section must be completed by candidates for a Coastal Skipper exam who is claiming a reduction in qualifying seetime. The course completion certificate must be shown to the Examiner at the time of the exam (do not send them with the application).

Where to apply

You may apply to any of the examination centres listed in the current editions of the Sailing or Motor Cruising logbooks (RYA/YA book ref. G15 or G18).

Candidates requiring a Commercial Endorsement

Candidates who require the Commercial Endorsement must provide a Certificate of Medical Fitness (ENG1, ML5 or AMSA 303) and a Sea Survival course completion certificate.

Payment

Credit Card (tick) VISA Mastercard AMEX

Credit Card Number: ___ ___ ___ / ___ ___ ___ / ___ ___ ___ / ___ ___ ___
