HOW DO I GET AN ICC?

Anyone requiring an ICC valid for inland waters must pass the CEVNI Test. The test can be arranged through a RYA recognised training centre or an affiliated club authorised to carry out the test. The RYA ICC CEVNI test is a multiple choice paper which you can choose to take at the training centre or electronically remotely from home or anywhere in the world

You will need to provide evidence that you have passed the CEVNI test with your application

Do you intend to boat on inland waters?

Do you have acceptable evidence of competence for the categories you require?

Boaters who have not successfully completed an acceptable RYA practical course, but already have the required level of competence, can take the ICC assessment. This can be arranged through a RYA recognised training centre or an affiliated club authorised to carry out the test. If you require an ICC which is valid for both 'Sail' and 'Power 10m and over' you will need to take an assessment for each type of boat as the skills required can be very different. The training centre or club will confirm your successful completion of the test by signing the relevant section of this form - there is no separate certificate.

Pass a relevant assessment for the categories you require
